2600 Ton OSV

Transporting Taylor James

Job Specs

Weight: 2600 Tons

Dimensions: 295'L x 62'W x 105'H

Equipment Used: 52 axlelines of ESE's, 28 axlelines of SLE's, 8 ppus

When the Taylor James, a 2600 ton, 298' long offshore supply vessel needed to be transported to the shipyard's launch way, Berard handled up on it. Using 52 lines of ESE's, together with 28 lines of SLE's, the vessel was transported to the clients launch beam system for launching. The move involved setting the spmt's in a transverse manner so the vessel could be rolled sideways with the spmt's fitting easily between the launch beams. Ground conditions were soggy due to two days of rain but the team pressed on to complete the project on time. Once at the launch way, the vessel was lowered to the beams and spmt's removed. A few days later the Taylor James made a huge splash and on it's way to making money.

> Berard to Exhibit @ International Workboat Show | Dec 5-7

It's time to hit the Big Easy once again for the Berard Team. The Team will be exhibiting at the International Workboat Show in New Orleans, Louisiana from December 5th - 7th. The International Workboat Show is the premier event for companies to showcase their services and products to the workboat industry. The Berard Team certainly does it's share of shipyard projects and attending the show is a great way for us to see clients both old and new. We invite all of you to come by and visit us at Booth # 743, we'll have great giveaways as well as some really great videos rolling for your viewing pleasure.

See Us At Booth 743

> Berard to Exhibit @ Power Gen | Dec 11-13

The Berard Team heads to the Sunshine State for the Power-Gen International Show being held at the Orange County Convention Center in Orlando, Florida from Dec 11th - 13th. POWER-GEN International is the industry leader in providing comprehensive coverage of the trends, technologies and issues facing the generation sector. We'll be highlighting our vast project experience in the power industry as well as having some more great giveaways. Stop by and see us at Booth 1253 and visit with our great sales team to learn more about how Berard can help get your projects moving!.
